Caching (requires version 2.0 or above)

1. [General description](#)
2. [Configuration](#)
3. [Management](#)
4. [Troubleshooting](#)

Dear Clients! We apologize: video caching from youtube sites is not available since the method of dynamic files naming has been changed. As a result, the caching efficiency is significantly reduced. The problem is being addressed. For a temporary solution we propose you to disable caching for the vk and youtube sites in the `/etc/dpi/fastdpi.conf` dpi configuration file by specifying

```
cache_options=6
```
