Report Settings and Profile Saving

For convenience, you can limit the number of rows and columns displayed in the report table. To adjust these settings, click the gear icon below the table.

In the opened window, create a settings profile:

For a **table** report, you can modify:

- 1. Column visibility;
- 2. Row limit;
- 3. Report name;
- 4. Display filter;
- 5. Page orientation.
- 6. By clicking the Save settings button, you can add the modified settings to the list for quick application in future reports.

	Saved 🕉 History		I∃ Report settings		
+		ß	Report	6 Save settings	0
	Title		Columns visibility	Subscriber, RTT, RTT from subscribe	r, @
	Report settings	Û	2 Rows limit	20	0
			DF report settings		
			Report name	Top subscribers with high RTT	0
			Display filter	Enabled 🗸	0
			5 Page orientation	Portrait	0
	<< < 1 > >>				
				Cancel Apply	

For a **chart** report, you can modify:

- 1. Items visibility;
- 2. Chart step;
- 3. Chart type;
- 4. Report name;
- 5. Display filter;
- 6. Page orientation.
- 7. By clicking the Save settings button, you can add the modified settings to the list for quick application in future reports.
